**FUNDS FOR MUSEUM--**The Cameron Arts & Service League presented a check for \$1,000 to O. B. Harden, county museum finance officer, representing money the League has earned over a period of time. Shown with Harden are Pat Barrett, left; Harden; Mary Kay Cauley; and Eleanor Hollas. Open house in the old county jail, earmarked for the county museum, will be held Sunday, August 1.

## Ambulance Date Oct. 1 Volunteers To Meet

About 30 prospective members of a Cameron volunteer ambulance service, city officials, and Roy Harmon of the Temple ambulance service, discussed an Emergency Care Attendance Course Monday.

City Council last week authorized a program which will take over operation of city-owned ambulances, using \$4,000 of Milam County funding in a program planned along the lines of Belton volunteer ECA unit.

Meeting is scheduled for 6 p.m. Monday, August 2, for ambulance service volunteers at the Cameron Chamber directors room.

The group Monday night elected Rodney Holcombe chairman of a nomination committee for officers. Pam Browder, also of Cameron, was named chairman of a constitution and by-laws committee. The group voted to take the emergency care course.

Harmon, the Temple ambulance service representative, explained how the ECA course is scheduled, a series of nine classes tentatively planned to start August 9. Each class will last from 6 to 9 p.m.

Courses would cover first aid, use of ambulance equipment, and emergency treatment. Councilman Monroe Fuchs has applications for

the course.

A city ordinance has been drawn up which establishes organization framework for the city volunteer ambulance service, both inside and outside city limits, and fee schedule.

### 12-HOUR ALERTS

Key to the program which has been developed in Belton is volunteers on call on 12-hour "alerts."

One official said the new service will probably go into effect about October 1, replacing service offered through local funeral homes.

Fees paid to volunteer ambulance people will be:

- \$5 per person for each regular call or transfer.
- \$7 per person for emergency calls.

- \$1 for call completed.
- 10 cents of the City's 60 cents goes to the crew (usually 2.)
- \$3 per person per hour waiting time over 15 minutes.

The new city ordinance establishing a City Volunteer Ambulance Service outlines costs to persons using the Cameron Ambulance Service.

### SERVICE COSTS

a. Regular calls and transfer calls--\$25 base charge per person.

b. Emergency calls--\$35 base charge per person.

c. Outside city limits--60 cents per mile per person one way.

d. Oxygen use--\$7.50 per hour (minimum \$7.50).

e. Waiting time--\$5 for first 15 minutes and \$10 per hour thereafter.

f. \$10 for stop charge at a first-aid hospital with immediate transfer to a regional hospital.

g. Night layovers--\$30 additional charge.

h. All trips in excess of 300 miles one way shall require at least one night layover time for the ambulance crew. All cross-country trips shall be payable in advance.

Fuchs said the plan is to enlist enough volunteers to have two 12-hour volunteer teams of two each for a month in advance. He said it would be scheduled a week in advance until enough people join the service.

One incentive to members of the volunteer service is that no ambulance charge will be made to members of the service or their families.

## County Agent Issues Report

### On Live Oak Decline

County Agent Bill McCutchen issues a heartening report in the light of recent reports about Live Oak Decline killing trees in Central Texas.

McCutchen said that as far as he knows the fungus disease has not affected any oaks in the county.

A report by Coryell County Agent Don Callahan said the disease is killing trees in his county and other areas of the central part of the state.

Researchers at Texas A&M may have isolated the disease, but so far efforts to prevent the disease have been sketchy at best.

Milam's county agent said that usually the trees die over a period of years, appearing "unthrifty" at first, then going downhill for five or six years. He said the disease affects just about all types of oaks, including post.

"I was in Hamilton County when it first started about nine or ten years ago," McCutchen said, "but so far I have seen no evidence of its spread to Milam County."

He said most oak tree deaths in this area are caused by building construction damaging root systems where houses or driveways encroach upon the tree's space. Piling dirt around the tree will also kill it, he said, as it cuts off the air.

### Booster Club Sets

#### Ice Cream Supper

The annual Yoeman Booster Club ice cream supper honoring 1976 Yoe High football players will be held at 7 p.m. Thursday, August 5 at the Methodist Fellowship Hall.

Coach Ed Cauley will introduce his staff and give an outlook on the upcoming season.

All members, prospective members, and parents are invited to attend and asked to bring a freezer of ice cream.

New officers for the Yoeman Booster Club elected in a meeting held July 19 are L. W. Turner, president; Jerry Hall, vice-president; and Jean Tumlinson, secretary-treasurer.

President Turner announced that a membership drive would start immediately. Dues for the year are \$4 and include the annual barbecue sponsored at the end of the football season.

## Old County Jail Holds Open House

An open house at the old county jail to show actual conditions before any repairs are done for housing a county museum will be held on Sunday, August 1 from 1 to 5 p.m. Members of the Milam County Historical Museum Commission will host the open house and the public is invited and urged to come.

Mrs. Kay Green, first vice-president of the commission, said as soon as repairs are finished on the roof and windows, the first three rooms of the county museum will be rewired, replastered, and repainted. Then those rooms will be furnished with exhibits.

"As we receive more money we can do more repairs and set up more rooms for exhibits," Mrs. Green said. She said county commissioners must give final approval for a bid for the repairs before any work can be started.

The Arts & Service League of Cameron Friday presented a check for \$1,000 to finance chairman O. B.

Harden. The Cameron History Club has also promised to give their savings of \$1,277.74 which they will present at a later date. The museum has also received \$2,000 from county commissioners.

The museum has one display case which was donated and anyone wanting to donate cases is asked to contact one of the members of the museum committee.

Miss Mary Belle Batte is president of the Commission with Mrs. Lelia Batte as alternate. Mrs. Green is first vice-president with Tom Underwood as program chairman; second vice-president is O. B. Harden, with Narvie Caperton and Dan Kubiak; secretary, Mrs. Rachel Graves and Mrs. Helen Abel; corresponding secretary, Mrs. Mildred Martin.

D. R. Dodson is treasurer with James Petty; Ed Magre is legal counselor, and publicity chairmen are Mildred Baker and Bess Jeter.

## Vaccination Clinic

### Scheduled Aug. 2

A series of dog vaccination clinics will start with one on Monday, August 2 from 6 to 8 p.m. behind the Cameron fire station, according to city officials.

Veterinarians will be on hand to give rabies vaccinations to dogs at a cost of \$3.50 and a city dog license, required by city ordinance, will be issued at a cost of \$1.

The two clinics scheduled to follow the first are scheduled for August 7 from 8 to 10 a.m. at O. J. Thomas School; and on August 16 from 6 to 8 p.m. at the Yoe Ag Building.

ious condition.

The Highway Patrol spokesman said the Carrasco car was east bound and the Johnson car was west bound at the time of the collision.

Carrasco is survived by his widow, Mrs. Amalia Carrasco, and one daughter, Dionne Carrasco, both of Houston.

Funeral is pending.

In other accidents investigated, Laura Garcia of Killeen was injured in a two-car accident 7:45 a.m. Saturday at the intersection of Hwy. 77 and 36 south of Cameron.

She was treated and released from St. Edward Hospital.

## Accident Kills One

A two-car head-on collision on State Hwy. 36 in Buckholts shortly before midnight Friday killed one person and sent two others to Scott and White Hospital for treatment.

A man identified by a Fort Hood Information Office spokesman as Spec. 4 Rigoberto Carrasco of the 546th Personnel Service Co. at Fort Hood was pronounced dead at the scene at 12:20 a.m. Saturday.

Those injured in the collision were Mrs. Gladys Johnson, 44, of Texas City, reported in satisfactory condition Saturday at Scott and White Hospital; and her daughter, Deborah Johnson, 15, who was listed in ser-

**FEATURED PERFORMERS--**The Vrazel Polka Band of Milam County was featured at the Festival of American Folklife in Washington, D.C. July 14 through 18. Members of the band are, from left,

Alfred Vrazel on sax, Patrick Strimka on guitar, George Strimka on sax, Thomas Strimka on drums, Albert Heselmeier on bass, and Anton Vrazel on accordion.

## Worthy Of The Many....

Okay, Milam Countians, so proud of our history and 140 years of accomplishment.

We have a place to put the artifacts and memoirs and proof of a proud past.

It is the old Milam County Jail which will become the new Milam Museum as funds and representative "Milamia" materialize.

An open house is scheduled Sunday afternoon to show the place as it is.

The list of donations to get the Milam Museum going thus far is:

--A donation of \$2,000 from Milam County Commissioners

--A check for \$1,000 from the Cameron Arts & Service League.

--A pledge of \$1,277.74 from the Cameron History Club, which in fact is the club's savings.

Repairs will begin on three rooms of the building and the roof so that remodeling for museum purposes may begin.

Museum leaders are seeking funds for renovation and for paying a curator or organize and display materials.

Only one display case thus far has been contributed. There are hundreds of needs in a museum which can be met with money or contributions of materials suitable for permanent or traveling display there.

Milam County not only includes the present 1,000 square-mile county, but historically some 30 counties which were taken from the original Milam Land Institute.

It is a worthwhile place for contributions of all kinds. The Milam County Historical Commission hopes to raise money to meet most of the early problems of renovation and historical inventory.

Officials are opening up without any definite budget or budget income. It is a major undertaking starting on the magnanimous support of a few.

It is a project worthy of the many. It will not house the history of an important era and area in Texas history, but it will be an additional attraction to Cameron and Milam County.

We congratulate its opening and its museum support.

## To Help Others....

A voluntary ambulance service program is in the developing stages in Cameron.

About 30 volunteers, City Council and Temple ambulance service representatives reviewed the new program for Cameron.

Training for the volunteers will begin August 9 for this critical service to this area of Milam County.

Official said the new service will replace ambulance service provided by Cameron funeral homes about October 1.

The organizational meeting Monday night was enthusiastic in support of the new program, established by a majority vote of the City Council in a meeting last week.

Fees for ambulance service will be: \$5 per person for each regular call or transfer; \$7 per person for emergency calls; \$1 for completed call; \$3 per person per hour waiting time.

over 15 minutes; 10 cents per mile of the city's 60 cents goes to the crew.

It will require about 60 volunteers to provide minimum number of people to staff a 12-hour "on-call" service during a month.

Volunteers will be trained and responsible for 12 hour segments of ambulance service. They will have the advantage of paying no ambulance service fee for themselves or members of their families.

Critical in this approach is the volunteer ambulance driver and attendant. It is a solution that has worked in Belton. Other towns have not been so lucky as Belton and Cameron.

We join other public spirited institutions and people in citing the volunteers in such a program who provide an essential service by giving up spans of their daily lives to help others.

## Mandate Bans Texas-Style Presidential Primaries

AUSTIN — Texas-style presidential preference primaries apparently are banned by a new mandate of the Democratic National Convention.

Actually, the law authorizing primaries for presidential delegate selection in 1976 expires by its own terms this year.

However, Gov. Dolph Briscoe and others have spoken out for renewal of the statute next year in essentially its old so-called winner-take-all form.

The Democratic convention voted to instruct the party's commission on future presidential primaries to outlaw at all levels delegate selection procedures decided by a plurality.

Texas and a dozen other states this year elected delegates at the senatorial and congressional district level in primaries where those who received a plurality of the popular vote won. Delegates representing other presidential candidates got no representation in the districts.

Republicans wanted no part of the Texas primary in the first place, but Democrats control the Texas legislature and they passed the bill (they thought) to aid U.S. Sen. Lloyd Bentsen who was then seeking presidential nomination. Jimmy Carter and Ronald Reagan were the beneficiaries of winner-take-all provisions.

Atty. Gen. John Hill said he will recommend the legislature not to renew the expiring law. Hill agrees with the convention majority that primaries should insure proportional or fair-share representation.

### Plan Submitted

A proposed plan for settlement of \$1.4 billion in lawsuits against Lo-Vaca Gathering Company was reviewed by the Railroad Commission.

It calls for separation of the gas distribution system from its parent firm, Coastal States Gas Producing Company, and creation of a new independent company.

It also provided that Coastal must spend \$230 million over a 15-year period in the Lo-Vaca supply area in searching for new natural gas supplies.

Austin, San Antonio, Corpus Christi, Brownsville, Lower Colorado River Authority and other cities and districts are served by Lo-Vaca.

### Appointments

Sherman McBeath, a former Foard County sheriff, has been named acting administrator of the Alcoholic Beverage Commission. John Davenport of Austin resigned as assistant administrator.

Gov. Briscoe appointed Cecil E. Bury of Corpus Christi to the Texas Historical Commission.

**VRA Check Ordered**  
The House Elections Committee is conducting a survey to determine impact of the controversial federal Voting Rights Act on 4,000 local governments in Texas.

The act requires governmental units to get U.S. Justice Department approval on all changes in laws or procedures bearing on elections and voting rights — including annexations and boundary changes.

## OLD PHILOSOPHER

Dear editor:

People are always saying the world has become too commercial, that television shows are written to capture the biggest audience strictly in order to sell more tooth paste, that politicians are out to make money, that schools are far more concerned with buildings than teaching, etc.

Why, they say, look at the Olympics. The games have become commercial. A man wins a bunch of gold medals and what happens? He shows up doing commercials on television at \$50,000 a year.

The people of course are mistaken. The world hasn't suddenly become commercial. It's always been that way.

For instance, I was watching the Olympics on television and just to be doing I looked up the history of the games in an encyclopedia. In those days in ancient Greece a winner was awarded a garland of wild olives at the stadium. I don't know how he preserved it to show his grandchildren, but when he got home poets started writing poems about him, people gave him a parade, and his emperor gave him free groceries for the rest of his life and 500 drachmae for pocket change.

Now a drachmae, which I learned just now by looking it up in the dictionary and won't remember tomorrow, was a gold coin worth various amounts, depending on the rate of inflation. I don't know how much inflation they had, but I'm sure whatever emperor was running for office

was against it, the same as he was against big government spending, high taxes, unemployment, and the chartering of pupils to school. Of course the main platform of any candidate in those days was let's get the country moving again. Ancient Greece moved so far it disappeared.

Furthermore, there was the same complaint back then over the idolizing of athletes and the ignoring of the intellectuals. One writer whose name I can't spell, let alone pronounce — it began with an "X" and nobody has ever been able to handle that letter at the beginning of a word without calling it something else — was bitter about the habit of the people's showering gifts on runners and ignoring philosophers.

Times haven't changed. How many philosophers do you see giving commercials on TV? None, of course. What do you expect? How many of them can run a mile in less than four minutes?

Yours faithfully,  
J. A.

## County Agents Notes

### Cotton Market Good

By Billy McCutchen

The cotton market situation looks good if we can make a crop.

Charles Baker, extension marketing specialist, says that his current opinion is that cotton prices in most areas of Texas will be near 40 cents above loan for most

### Ag Teachers To Attend Workshop

Vocational agriculture teachers, some 1,500 strong, will gather in Fort Worth, August 2-6 for the annual in-service education workshop and meeting sponsored by the Vocational Agriculture Education Department of the Texas Education Agency, Austin.

Attending from C. H. Yoe High School, Cameron, will be the following vocational agriculture teachers: Phil Van Cleave and C. Tittsworth. Registration for the conference will begin at 3 p.m. on Monday, August 2 at the Sheraton-Fort Worth Hotel, according to Guy Finstad, president of the vocational agriculture teachers association of Texas.

In addition to speakers for the three general sessions, the teachers will conduct 12 in-service education workshops including training leadership teams; first and second-year teachers; agribusiness; preparing FFA applications, chapter program of work and training FFA officers; creative teaching; horticulture; CVAE disadvantaged and handicapped; pesticides-law, licensing, and certification; selecting, feeding, fitting, evaluating, and judging lambs; cooperation programs can make you look and feel good—here's how; oil and hay crops; wills and deeds.

On Tuesday evening, 8 p.m. the association will host its annual awards program to present tenure pins to the membership and special awards to legislators, school administrators, Texas new media, individual teacher awards and special individual awards to those who have contributed to the progress of Vocational Agriculture Education and the activities of the Future Farmers of America.

### White Urges Farmers To Get Official Grain Receipt

Agriculture Commissioner John C. White today urged Texas grain farmers to request an official Texas grain warehouse receipt when depositing their crops for storage this year.

"Don't depend on a mere weight ticket as proof of deposit in a warehouse," White warned. "Weight tickets should be exchanged for official receipts as soon as possible. This is a recommended business practice which offers maximum protection under the law."

Commissioner White noted that Texas Department of Agriculture fieldmen make frequent inspections of storage facilities and relicense the warehousemen annually. However, ownership of grain in storage is sometimes difficult to determine unless an official warehouse receipt has been issued on request of the farmer.

"In many cases a grain farmer has no legal document to prove he has an entire year's work in storage other than the simple ticket issued at the warehouse scales," he said.

"This can be very risky," White said. "All courts do not value a weight ticket in the same light as an official grain storage receipt."

In the event of a grain

qualities of cotton at harvest time. This would be about 70 cents for Milam County cotton.

This means that farmers who are still considering contracts should predict how many bales of each quality he will produce and pencil out expected returns before he decides to contract, wait for sale at harvest, or hold for higher price. Baker says that day-to-day movement of price means very little this year. Supply is short and prices should average high.

It's too early to make good judgements for 1977, Baker says, but he expects very low stocks, U.S. and world-wide, until the 1977 harvest is well underway. He expects a sharp increase in planted acres which may mislead some to expect the bottom to fall out of the price, but he says that this won't happen.

Baker states that the price may drop sharply for late season 1977 cotton, but it should still be well above production costs. He thinks early season 1977 cotton will be near current price levels.

Baker also says that cottonseed should be high this season, bring at least \$120 per ton basis grade 100. He says that oil mills in Texas averaged about \$31 per ton "net profit" in 1975, compared to a 10 year average of \$2.40 per ton.

It looks like that all we need to do is make a cotton crop, and that is much easier said than done in a year with late cotton and plagued by bollweevils and more particularly bollworms.

This is the toughest insect year I have ever seen.

**Winter Pastures and...** Even though its mid-summer it is time to make plans for the wheat crop, oat crop, or winter pasture.

Those planning wheat or oat crops for grain should get land into shape by breaking, disking, or other suitable method.

Soil testing can also be done now to avoid delays at planting time and to assure the right combination of elements for maximum profit.

If you are thinking wheat in 1976-77 I would advise sticking to either Sturdy, Caprock, or Coker 68-15.

Sturdy and Caprock are hard red winter wheats with similar grain and forage production.

warehouse failure, a scale ticket holder could easily be inviting lengthy legal haggling before taking possession of his grain since scale tickets in themselves do not necessarily constitute legal proof of ownership.

On the other hand, White state, warehouse receipts obtained upon request from any grain warehouse provide clearcut proof of ownership as legal negotiable instruments which, according to TDA officials, would have priority in any case of forced closure or bankruptcy.

"What we would really like to see is for every farmer to obtain a grain warehouse receipt in order to be fully protected," White explained.

Coker 68-15 is a soft wheat with increased grain yield potential and it provides early grazing. Coker has also shown to be more rust and mildew resistant than Sturdy.

### Billion Dollar Crop Expected

Cotton farmers in Texas could produce a billion dollar crop this year if market conditions continue strong and good harvest weather prevails.

"A billion dollar cotton crop is very likely," points out Charles Baker, economist for the Texas Agricultural Extension Service. "This would make the crop second only to that produced in 1973 which tipped the scales at \$1.4 billion."

The entire crop situation has blossomed this year due to a strong domestic as well as foreign demand, explains the Texas A&M University specialist.

"Cotton prices are reaching new heights," notes Baker, "and it's difficult to say just where they will stop. Cotton already reached the pinnacle of 88 cents per pound for October futures on July 1. This translates roughly to 83 cents per pound on the Houston spot market and 78 cents to South Texas farmers for grade 41, staple 34."

This year's Texas cotton acreage is up some from last year but down sharply from the 1973 crop. Baker cites U. S. Department of Agriculture figures in noting that planted acres in Texas on June 30 totaled 4.9 million. Texas cotton farmers planted 4.3 million acres last year while in 1973 the cotton acreage totaled 5.4 million.

In addition to the rising price for lint cotton, farmers are also hoping to receive a better price for cottonseed this year. Baker feels that cottonseed prices for 1976 will be around the \$120 per ton level after a rather dismal market last year.

"All in all, the market picture looks good for cotton farmers," notes Baker. "However, they must stay attuned to changing conditions to reap the highest profits from both lint and seed as the season progresses."

### Servicemen

MICHAEL STARR

Airman Michael E. Starr, son of Mrs. Leola E. Starr of Rockdale, has graduated at Lackland AFB, Tex., from Air Force basic training.

The airman, who studied the Air Force mission, organization and customs and received special instruction in human relations, is remaining at Lackland for specialized training the security police field.

Airman Starr is a 1975 graduate of Rockdale High School.

### FFAer's Heifer Named Reserve Grand Champion

A Brahman heifer shown by Margaret Graham, Cameron Yoe FFA member and daughter of Mr. and Mrs. W. K. Graham Sr., was named Reserve Grand Champion at the Texas Junior Brahman Association Show held July 19-20 on the John Joyce Ranch in Wharton.

Margaret obtained her heifer from W. H. Culpepper of Cameron. She said that she

hopes to show this heifer and obtain several more to show in the major shows this year.

The show consisted of 75 heifers in six classes and was judged by Dr. Patter of Guatemala, a graduate of Mississippi State University. The judge said that he considered the animals represented some of the best in the state.

### Condo Lifestyle

Some 4,000,000 Americans now live in 1,690,000 condominiums and cooperative housing units, states a late-1975 HUD report.

## Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

### Fall Planting Plans... From Severe to Excellent... Another New High?

While farmers in most parts of the state are concerned with harvesting 1976 crops, fall planting plans are underway in the extreme southern and southwestern areas.

Fall vegetable planting time is at hand in the Rio Grande Valley, and in the Laredo area land preparation for fall crops continues.

In the San Antonio Winter Garden section, planting of fall carrots is in progress.

Despite what seemed like torrential rains throughout the state, pasture and range feed conditions vary from excellent to severe drought. Poor to fair prospects are reported in the southern portion and extremely severe drought conditions exist in an area in far western Texas and parts of the Big Bend.

On the tables of the Texas Crop and Livestock Reporting Service, conditions average 4 points less than a month earlier. Livestock generally are in good condition in most areas.

Screwworms and ticks are a problem in the eastern and southern parts of the state, although confirmed screwworm cases have been reported as far north as the Wichita Falls area.

**ALTHOUGH TEXAS** is just barely out of the top 10 states in corn production, it is continuing to make the honor list with its per-acre yields.

And if the trend continues, Texas will soon be in the top 10 states in production of corn. Acreage this year is up a whopping 29 per cent from last year. Acres for harvest for grain are forecast at 1,400,000.

Last year, Texas corn production per acre was more than 100 bushels, well above the average per acre yield of such major corn states as Iowa. This year, it is expected the average per acre yield of corn for the state will be 107 bushels.

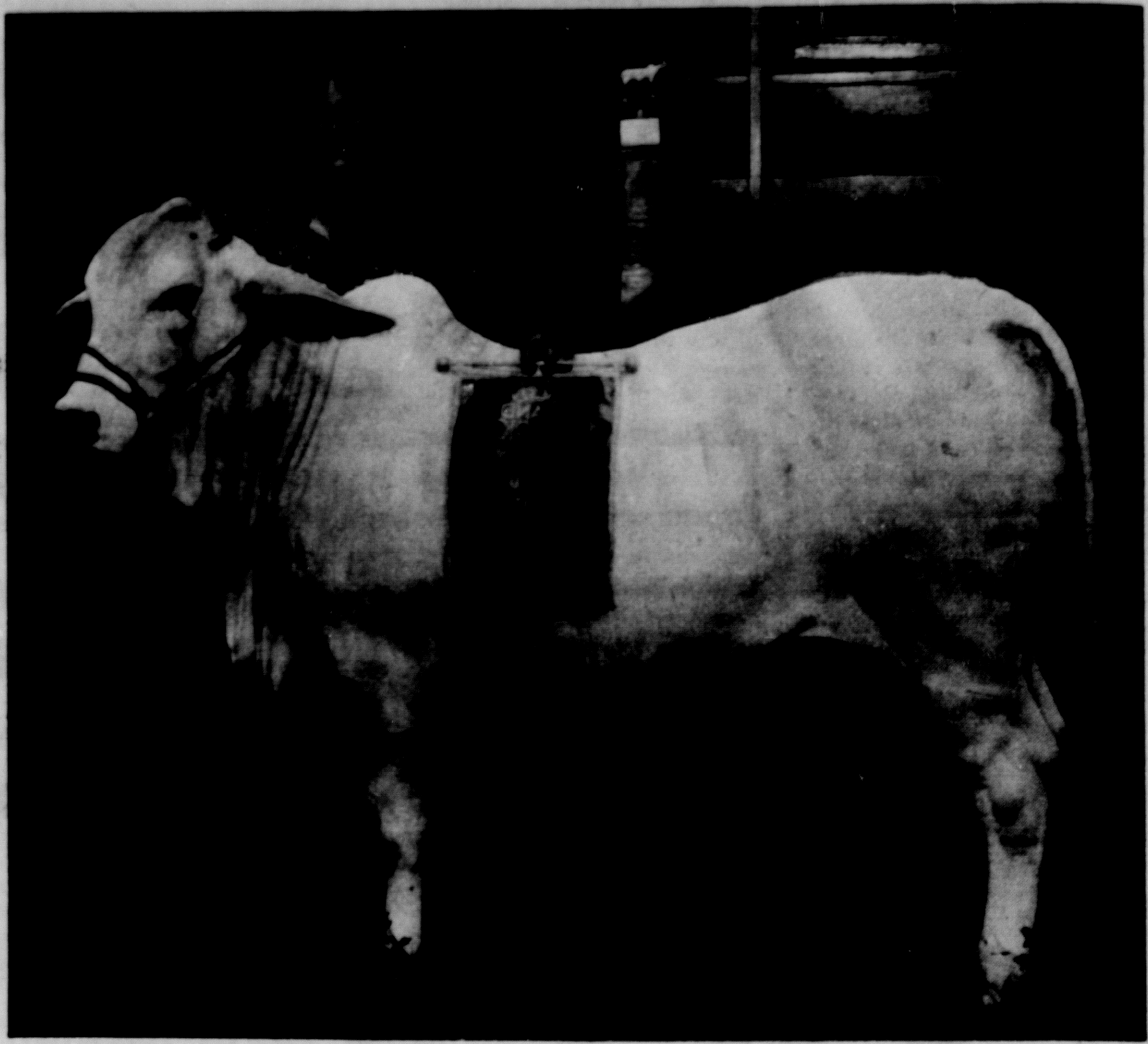

Corn harvest this year is just barely getting underway with only about five per cent of the crop in the bin or sold.

**NATIONAL FARM SAFETY WEEK** is officially underway now through the rest of this month.

Safety officials say this week is set aside to make you aware of the need for farm safety, not just once a year, but every day of every week. Agriculture continues to be one of the major dangerous industries. Prevention now can deter a serious accident or death. Check for safety around your farm home, too.

**MILK PRODUCTION** in the state during June is reported at one per cent above a year ago, but six per cent under a month ago.

Milk production per cow averaged 880 pounds during June. This is 55 pounds above a year ago, but 60 pounds below the previous month.

DISPLAYS AWARD--Margaret Graham of Cameron displays the award her Brahman heifer won at the Texas Junior Brahman Association Show. Her heifer was named Reserve Grand Champion.

## Farmers View Program

Some 400 farmers, ranchers, and agribusinessmen from throughout the Brazos Valley area got a firsthand glimpse of the multi-faceted agricultural research program under way at Texas A&M University July 1 during the fourth annual Texas A&M University Plantation Field Day.

Field tours began at 3:30 p.m., with the first stop being the U. S. Department of Agriculture Veterinary Toxicology and Entomology Research Laboratory. There Dr. D. A. Witzell, veterinary medicine officer, briefed the crowd on on-going research projects of national concern dealing with livestock health problems.

In route to the second tour stop, the group heard about dairy cattle research, programs dealing with more efficient utilization of sorghum, nematode studies, cotton evaluation, and genetics studies, work to control brush and weeds on pastures and ranges, studies

on downy mildew control in sorghum, turfgrass research, and the work under way at the Cereal Quality Lab and the Foundation Seed Service.

Highlights of entomological research were discussed by entomologists with the Texas Agricultural Experiment Station at the second tour stop. Dr. George Teetes reviewed work involving greenbug control in sorghum while Dr. Lynn Hanna gave an overview of cotton insect research. Dr. Darrel Bay talked about work involving livestock insect control, including research directed at hornflies and similar pests.

The third stop featured a review of research conducted at the Institute of Tropical Veterinary Medicine by Dr. Kenneth L. Kuttler, veterinary microbiologist with the Experiment Station. Kuttler's discussion concerned work on control measures for various livestock diseases in tropical countries such as Mexico, Central and South America. Such research is geared to protecting animals from the U. S. that are shipped to these countries and also allows producers in these countries to improve their overall herds.

Final stop on the tour concerned research studies dealing with fish production, with discussions led by Dr. Robert R. Stickney and Dr. Bob Brick, scientists in aquaculture with the Experiment Station.

Following the discussion, field day visitors were treated to a catfish dinner featuring fish raised in the experimental ponds on the A&M Plantation.

permental ponds on the A&M Plantation.

## 4-H News

By Kenneth Waites

Texas' 1976 4-H Congress set for July 27-30 in Austin, will attract four 4-H members from Milam County.

Participating will be Leroy Stephens, Brenda Westerman, Rebecca Riola, and Peter Riola. Approximately 600 participants are expected.

Local 4-H'ers and others around the state will actually get involved in the law-making process. Highlighting the Congress will be a tour of the Capitol building and involvement in presenting a bill before the Texas legislature, as well as discussions by a special panel and addresses by two keynoters.

To orient the 4-H members to the legislative process, delegates will be divided into a senate group and a representative group, and will actually simulate how legislation takes place.

Youth delegates will discuss various issues dealing with youth and will draft bills, debate and vote on them. The bills will be forwarded to the Governor for signing.

Concluding the 4-H Congress will be installation of the Texas 4-H Council for 1976-77. Members include a chairman and vice-chairman of each of the 14 extension service district councils plus four delegates-at-large.

State 4-H Council members serve as the governing body of the 4-H and provide leadership for programs and activities.

Welcome  
from George and Peggy Spain

**Bigger savings with big round bales start here**

**International 241 Bigroll Baler**

The many superior features of IH Bigroll Balers give you extra time, labor and quality-saving benefits. Included is the ability to make full 6-ft. diameter bales with loose cores that permit "breathing," yet have extra-tight surfaces for maximum resistance to weathering. And you also get dump-and-go convenience, which means you don't have to back up to eject in order to get all of the windrow when starting a new bale.

- Exclusive lower belt tracking system lets belt float to tolerate loads, reduce wear.
- Exclusive individually replaceable upper belts.
- Exclusive twine guide positioning indicator for more convenient and twine-saving wrapping performance.
- Exclusive vertical hitch adjustment to maintain level baler operation.

Let's arrange a demonstration. Finance plans available.

**Consumer Food News From A&M**

High quality forequarter cuts are top features at most Texas grocery store meat markets this week - and it's a good time to put extra chuck roasts and steaks into the freezer, Mrs. Gwendolyn Clyatt advises.

She added that a few values may also be found on ground beef, steaks for broiling and beef liver. "Pork supplies still are not adequate for normal demand, but some items to consider include quarter loins cut into chops, semi-boneless hams, frankfurters and liver."

Mrs. Clyatt is consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Price difference between large - and medium - size eggs is about ten cents, making the medium eggs a better value than the large - size eggs of the same grade. Supplies are adequate and prices about the same as last week."

"Fresh vegetables are making 'special' news at most markets now. Fresh corn continues to be in good supply, and cucumbers for pickling are available - but prices are relatively high for the small sizes," she said.

Southern varieties of peas are on the market, including blackeye, purplehull and cream peas. Also, okra, carrots, gree peppers, soft shell squash and dry yellow onions generally have lower price tags. Cabbage continues to be one of the better green vegetables from the standpoint of nutrition, value and cost, she said.

Good supplies of fresh peaches are available now. Sizes are large and prices are moderate. Also, look for lots of plums, nectarines, grapes, bananas and sweet cherries.

Consumer Watchword: To lower food bills, compare the cost of fish with other protein foods - you'll be surprised at cost-per-serving figures.

## Vows Join Hughes-Rogers

The Little Chapel in the Woods in Denton was the setting for the wedding of Miss Janice Faye Hughes and John Davison Rogers on Monday evening, July 12.

The bride is the daughter of Mr. and Mrs. I. N. Hughes of Cameron. The groom is the son of Mr. and Mrs. Cullen Rogers of Marlin.

The Rev. Jim Riddle of University Baptist Church in Denton performed the ceremony. Traditional wedding music was played by Miss Janice Willis of Denton. Miss Linda Hughes of Denton, sister of the bride, sang, "Follow Me," with Miss Tennie Wiehe of Denton who sang "The Wedding Song." Both were accompanied by Miss Willis.

Given in marriage by her father, the bride wore an empire waist gown designed in white quiana knit featuring a bodice insert of Aliencon lace with a lace stand up collar and cuffs. Pearl beading in scroll and floral motif decorated the bodice collar and cuffs. A full length chapel train fell from shoulder to floor in a full graceful flow. The finger tip veil was accented with scattered seed pearls and was attached to a matching pearl band. The bride carried a bouquet of yellow roses, daisies, and baby's breath.

Miss Karen Hughes of Cameron, sister of the bride, was bridesmaid. She wore an empire waist dress of yellow organza featuring a high stand up collar and soft shoulder ruffles.

Jimmie Rogers of Dallas, brother of the groom, was best man. The groom and bestman wore white tuxedos with yellow ruffled shirts and ties.

The bride's mother wore a floor length coral dress of shantung polyester with white accessories. Her corsage was of yellow roses and white carnations.

The groom's mother wore a princess-line gown of pale pink ployester and a corsage of pink roses and pink carnations.

A reception was held following the ceremony in the bride's home.

The bride is a student at Texas Women's University in Denton and the groom is a student at North Texas State University at Denton.

Mr. and Mrs. Cullen Rogers, parents of the groom, hosted the rehearsal dinner on Sunday evening, July 11, at the Ashram House in Denton.

MRS. JOHN DAVISON ROGERS

## Personal Mention

Mr. and Mrs. Willie Smith and daughter of Olympia, Wash. have been the house guests of Mr. and Mrs. Weldon Black and Leonard for ten days. Mr. Smith is Mrs. Black's brother and this was the first trip to Texas in about ten years. They returned to Washington on Monday.

Mr. and Mrs. Adolph Tomasek of Cameron have returned from a weeks vacation visiting interesting points in Sweetwater, Amarillo, and Palo Duro Canyon State Park. While at Palo Duro Canyon State Park they attended the musical romance drama, "Texas." They also toured the canyon by train.

Mr. and Mrs. J. D. Harrison and Hardie Harrison, all of Houston, visited in the home of Mr. and Mrs. Adolph Tomasek over the weekend.

A. J. Niley Smith celebrated his 90th birthday Thursday, July 29.

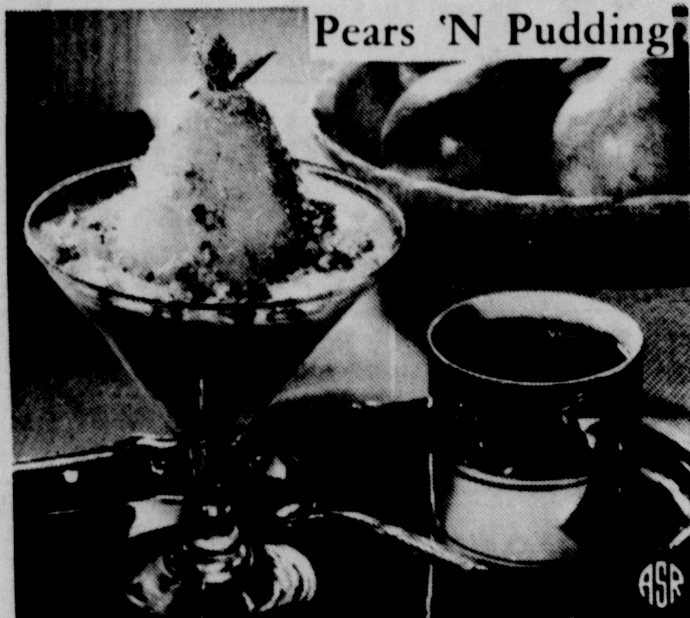

## Reunion

The Sommers family reunion was held on Sunday, July 18 at Buescher State Park at Smithville.

The Temple National Guard Armory will sponsor a reunion for former members of Cameron, Taylor, Belton, and Temple units. The reunion is scheduled for Saturday, August 14, with registration beginning at 4 p.m. and a barbecue meal at 6:15 p.m.

For advance registration send \$5 to Central Texas National Guard Association, c/o Verner L. Wunsch, 1209 North 12 St., Temple, TX 76501.

"We make our fortunes and we call them fate," Benjamin Disraeli

Pears 'N' Pudding

Poached, fresh California Bartlett pears are set in vanilla pudding, made double rich with whipped cream and a dash of rum, and topped with a pecan praline topping. "Praline Pears" can be prepared ahead of time and refrigerated — then assembled quickly at dessert time and served effortlessly to dazzle guests or family.

**Praline Pears**  
1 cup water  
2 tablespoons honey  
2 tablespoons lemon juice  
1/4 cup brown sugar (packed)  
1/4 cup light rum  
6 fresh California Bartlett pears  
Vanilla Pudding  
Praline Topping

Combine first five ingredients in deep saucepan. Simmer 1 minute. Pare and core pears from bottom. Place pears upright in hot syrup. Cook covered, until barely tender, about 15 minutes, basting with hot syrup now and then. Cool; chill in syrup. Prepare Vanilla Pudding and Praline Topping. When ready to serve, spoon pudding into serving dishes. Set a pear into each dish. Cover with topping and garnish with a small mint sprig, if desired. Makes 6 servings.

**Vanilla Pudding:** Prepare 1 (3 1/4 oz.) package regular vanilla pudding mix with 1 1/2 cups milk, as package directs. Cover and cool. Beat 1 cup whipping cream with 1/2 teaspoon rum and 1 teaspoon lemon juice. Fold into pudding. Makes 3 cups.

**Praline Topping:** Melt 1 cup sugar with 2 tablespoons butter in a heavy skillet until golden. Add 1/2 cup coarsely chopped pecans and pour into buttered shallow pan. When cool, crush with rolling pin. Store in airtight container. Makes 1 1/3 cups.

## Kubiak Dedicates Historical Marker

The Honorable Dan Kubiak unveiled and dedicated the historical marker at Tomlinson Hill, Thursday, July 22, prior to the Falls County Old Settlers and Veterans 68th reunion's bicentennial program held at 8 p.m.

In his address, Kubiak stressed the many blessings the people, gone on have left for those of today. The marker, he said, commemorates our heritage and will be here to remind us that we now possess more than this country has ever had, and that we should dedicate ourselves to carry out on this priceless heritage by adding strength and power for future generations.

Square dancing groups from Waco and McGregor performed on the stage under the large tabernacle for the night's program. Area musicians, including the Happy Senior Singers of the Marlin Civic Center, also entertained. Over 700 people enjoyed the brisket beef barbecue Thursday evening.

Friday night featured the annual fish fry and fiddlers contest for which over 1000 people came. Oldest members of Falls County were also honored.

In the age category of one to fifty years old, winning fiddlers were Johnnie Dodd of Milano, first; Walter Mears, Alvarado, second; and Billie Cargill, Bryan, third. Floyd Ferguson of Bertram was first in the 51 years old plus group; Sherman Mills, Robinson, second; and Bill Hanson, Temple, third.

Johnnie Dodd was Grand Prize winner in the run-off with Floyd Ferguson.

Recognized as Oldest Citizens were Oscar L. Fuller of Marlin, oldest man at 94 years, 7 months; Mrs. Betty Parker of Marlin, oldest lady at 88 years; Mrs. R. V. Walker, oldest Falls County native at 88 years; and Mr. and Mrs. Sam Jones Sr. of Rosebud, couple married the longest, at 56 years.

To Mr. and Mrs. Danny E. Robbins of England, a boy, Steven Michael, 9 pounds 4 1/2 ounces, born June 26.

## Reading Program To End July 31

The Texas reading program at the Cameron Public Library will end July 31.

All reading logs should be returned to the library by August 1 so certificates may be issued.

Invert a warmed bowl over butter to make it soften more quickly.

**UNITED IN MARRIAGE** - Miss Karen Arland Barksdale, daughter of Mr. and Mrs. Charles B. Barksdale Sr. of San Antonio, became the bride of David Edward Kelley, son of Mr. and Mrs. Harman Kelley on June 23. After a honeymoon in Monterrey, Mex., the couple is residing in Austin where Karen is a teacher in the Austin Public Schools and David is an Administrative Assistant to the Director of the Texas Youth Council.

**MORE GARDEN BOUNTY** - Mrs. Edna Rinn brought in these two huge tomatoes which together weigh 2 pounds 4 ounces. They were grown in Frank Hertenberger's garden at 206 N. Crockett in Cameron.

## Couple Celebrates 50th Anniversary

Mr. and Mrs. Louis M. DeLaRosa Sr. celebrated their 50th wedding anniversary Saturday, July 24.

Their family honored the couple with a mass and reception. Mass was held at St. Monica's Catholic Church with Father Louis Pavlicek officiating. A reception followed at Simon and George Memorial Hall.

Mr. and Mrs. Louis De LaRosa were married July 15, 1926 in Hearne, and have resided in Cameron for 54 years. They have 7 children, 28 grandchildren, and 2 great grandchildren.

During the ceremony, the children presented Mr. and Mrs. Louis DeLaRosa Sr. with a family tree designed by Richard Hernandez of Dallas.

## Green, Hill Attend FHA National Leadership Meeting

Barbara Green, a senior at Rogers High School, and Terri Hill, a junior at Rogers, were among 1200 delegates selected from a half-million nationally to attend the Future Homemakers of America National Leadership Meeting this month in St. Louis, Mo.

Barbara has served as a local FHA officer for three years as well as area first vice president and is currently state vice president of the program committee for the Texas Association. Terri has worked as Rogers FHA projects chairman and is now first vice president for the 1976-77 school year. In addition to their FHA responsibilities, Barbara is involved in UIL competition and other activities, and Terri is vice president of the Rogers Student Council.

Terri is the daughter of Ray Hill of Rogers and Bar-

bara is the daughter of Mr. and Mrs. Randolph Green of Cylone.

Theme of this year's national meeting was "Action in a Changing World." During the four-day session, Barbara and Terri participated in leadership training workshops and values clarification activities. Delegates discussed the expanding role of home economics in our consumer-oriented society.

Most FHA and HERO Chapters of Future Homemakers of America nationwide are involved in community service activities and projects.

Last year the Rogers chapter, under the guidance of their advisors, Mrs. Barbara Johnson and Mrs. Lita Karriker, raised over \$475 for the Bell County Rehabilitation Center by sponsoring a bike walkathon. Similar projects are planned for the coming school year.

## Consumer And Industry Problem— Save Both Energy And Money

Here's some information that may surprise you: The Federal Energy Administration says that while the people of the United States comprise only six percent of the world's people, we consume more than one-third of the energy used in the world.

Saving energy is as much a problem for industry as it is for consumers. And, in both instances, large amounts of wasted energy is attributed to insufficient insulation.

For example, say the experts, 40 percent of new commercial and industrial roofs built in the last 10 years waste an estimated three billion dollars annually. Insulation — or rather, lack thereof — is the culprit.

In the home, insulation installed in the attic to a depth of six inches can cut yearly heating costs about 20 percent, to say nothing of air conditioning operating costs in warm weather.

According to Edwin Mertz, technical services manager for the National Roofing Contractors Association, research indicates that of the 100 square miles of new industrial roofing constructed in 1975, nearly 40 square miles of it — an area roughly half the size of Washington, D. C. — was virtually uninsulated.

Translated into wasted energy fuel bills, the loss to industry amounts to approximately \$86 million in natural gas, or \$121 million in heating oil, or some \$300 million in electricity yearly!

As a result of these findings, the NRCA Energy Savings Task Force is producing a handbook for its members showing them how they can advise building owners on methods of improving insulation of their current roofing system and the amount of savings to be anticipated. (This handbook will also be available to architects and construction engineers).

Here are some warm weather energy saving tips for consumers also offered by experts:

1. If you have a flat roof make sure it is amply covered with light reflecting gravel or a reflective roof coating.

2. On sloping roofs, use a light colored reflective shingle or roofing felt.

3. Have any leaks attended to immediately, water in roofing insulation destroys its insulating properties.

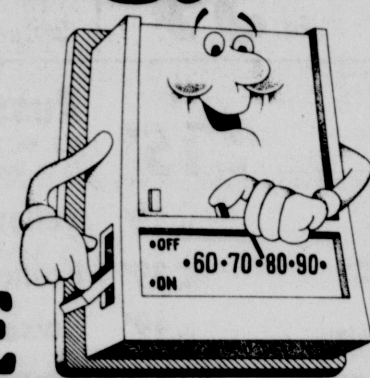

4. Use vent and exhaust fans to pull heat and moisture from attics, kitchens and laundries directly to the outside.

5. Clean or replace air conditioning filters regularly. When the filter is dirty the fan uses more electricity to move the same amount of air.

6. Set air conditioning thermostats at 78 degrees — instead of 72 degrees.

"People are always good company when they are doing something they really enjoy."  
Samuel Butler

## Reducing plan for energy users

## Plan E How to save electricity when using air conditioning

### Central Systems

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.
10. Keep windows closed. Open outside doors as little as possible.

**Window Units**  
Follow all above suggestions, plus these:

11. Buy units with highest "energy

efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.

12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doorway for recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

## Unnecessary Accidents May Spoil Summertime Fun

Summertime and recreation just naturally go together, especially under the warm Texas sun. But the Texas Department of Health Resources warns that this year, as in past years, too many Texans will have their fun spoiled by unnecessary accidents.

According to safety experts, water sports offer the most frequent summertime hazards. Last year, more than 630 people drowned in water-related accidents in Texas. Typically, swimming accidents take the largest toll each year, followed closely by fishing accidents. Boating, sailing, water-skiing, and canoeing also take their toll.

But not all drownings involve swimmers and boaters. In too many cases, people fall from a place of presumed safety, such as a dock, bridge, or the edge of a swimming pool. When this happens, in many cases the person isn't prepared to swim and can't get himself to safety.

Children are most susceptible to this type of accident, especially very small children playing near a swimming pool or a pond. Two simple safety rules could prevent almost all such tragedies; first, never leave children without adult supervision; second, make sure everyone in the family knows how to

swim. Free or very inexpensive swimming lessons are available in almost every community through American Red Cross programs and local recreation agencies.

Not only children but adults as well should wear an approved life jacket while on a boat or near deep water—just in case of an unplanned dip. Even an expert swimmer won't be able to avoid drowning if he's knocked unconscious by a fall from a boat or by striking a rock underwater.

Always swim in areas you know are safe, either because they're marked for swimming or because you're accompanied by someone who knows the area thoroughly. And that's another good safety rule: don't swim alone. If you get into trouble, your companion can toss you a life jacket or a rope to help you reach safety. Never swim when you're chilled, overly tired, overheated, or you've just finished eating.

Anyone familiar with Texas weather knows that it can change rapidly. If you see thunderclouds building up or lightning in the distance, stay away from the water. Boats make an inviting target for a bolt of lightning, and choppy, wind-blown water can turn a pleasant swim into a potentially deadly nightmare. Make sure your boat is in

excellent condition and meets all safety regulations, which includes having a Coast Guard approved flotation device on board for each person. When pulling skiers, boat drivers must be on the watch for swimmers and other watercraft. It's a good idea to have two people in a tow boat—one to drive and the other to watch the skier. It's also a good idea to learn the hand signals developed especially for skiers; it's too hard to heard above the noise of the motor, but a hand signal can get the message across.

## Study Finds Road Hazards Major Accident Cause

Road hazards cause some 56,000 accidents a year in Texas and cost \$173 million in hospital fees, property damage, and payments to accident victims and survivors, said a report released here today.

The report by The Road Information Program (TRIP) also found:

--Human error was a factor in almost all of the 468-596 Texas highway accidents reported in 1975, but one accident in eight, or 56,232, would not have occurred except for obsolete road design and engineering.

--More than 29,000 miles of Texas roads and 2,564 bridges are hazardous to drive because they were designed for traffic conditions of 40 years ago.

--In addition to the accidents caused by human error and obsolete roads, 60,656 were attributed to weather and 14,355 resulted from vehicle failure.

--In 1975, highway accidents from all causes resulted in 3,429 fatalities and 138,962 injuries in Texas. The average cost per accident was \$3,073, an increase of \$797 since 1971.

TRIP estimated that 16,792 miles of roads and streets and 2,564 bridges are too narrow for safe passing by large trucks, school buses, and other bulky vehicles at posted speeds.

Another 12,606 miles of Texas roads are hazardous because of sharp curves, soft shoulders, steep rises and

## Watermelon Cut Honors Girls Team

After a victory Monday afternoon, Mr. and Mrs. Garland Hux honored the girls softball team Road Runners, sponsored by L&M Jewelers, with a watermelon cut at the City Park.

This treat was enjoyed by team members Monica Kelm, Missi Giesenschlag, Glenna Shelton, Felicia Tindle, Janet and Kathy Dusek, Helaena Walthall, and Staci Hux.

Coaches attending were Mrs. Shirley Kelm and Mr. and Mrs. James Walthall. Other guests attending were William Kelm and Kelvin, Brian Giesenschlag, Lisa Heitman, Randy Shelton, Shelly Walthall, Mrs. Raymond Walthall, and Steve and Jeff Hux.

dips, roadside obstructions, restricted sight distances, and inadequate warning signs, said the Washington, D.C. research and information agency.

The study noted that most of these hazardous roads and bridges have not been modernized because of inadequate road funding.

TRIP's findings are based on data from the Texas Department of Public Safety, the National Highway Traffic Safety Administration, the Federal Highway Administration, and other government agencies.

Of Texas' 253,795 miles of roads and streets, 53.8 percent are county-maintained, 27.3 percent are state-maintained, and 18.9 percent are under municipal jurisdiction.

"Kindness begets kindness." Sophocles

## Champion Cowboy, Cowgirl Named In Cameron Rodeo

J. R. Jackson of Rockdale and Laura Angell of Cameron were named Champion All-Around Cowboy and Cowgirl during the Cameron Horse Club Rodeo held Friday and Saturday, July 23 and 24 in Cameron.

Activities and results in the girls ages 15 and under category were: barrel racing, Lisa Rubac, first; Laura Angell, second; and Gwen Gelfner, third. Pole bending, Lisa Rubac, first; Laura Angell, second; Boo Boo McNeill, third. Goat tying, Laura Angell, first; Joyce Garrison, second.

In the girls ages 16-19 category, the activities and results were: barrel racing, Lisa Brown, first; Margaret Graham, second; Jana Riley, third. Pole bending, Margaret Graham, first; Lisa Brown, second; Jana Riley, third. Goat tying, Janet Angell, first; Jana Riley, second; Janis Wilcox, third.

Activities and results in the boys ages 15 and under were: breakaway roping, Beaver Shuffield, first; J. R. Jackson, second. Ribbon roping, J. R. Jackson, first; Steer riding, Chris Taylor, first; Danny Houston, second; David McDaniel, third. Pole bending, Pecos McDaniel, first; Charlie Todd, second; Clay Barton, third. In the boys ages 16-19 category: bareback, Chris

YOE CHEERLEADERS exhibit the two excellent, two superior, and super star squad ribbons they won at cheerleading school held July 19-23 at Sam Houston State University in Huntsville. While at cheerleading school, they were given the spirit stick which is awarded to the 13

most spirited squads out of the approximately 500 people which attended. 1976-77 Yoe High cheerleaders are, left to right, Linda Brashear, Brenda Kunz, Lori Martin, head cheerleader Diana Chubb, Kelly Martin, and Julie Smitherman.

## TIPS FOR OUTDOORSMEN

**URGE TO CAST FAR**—Most surf fishermen have an irresistible urge to cast out as far as their strength and skill allows. This is sometimes a great mistake. Often the fish that inhabit inshore coastal waters move right into the surf. So don't neglect the water close to shore.

**WATCH OUT FOR TEETH**—Most marine fish are equipped with tooth-studded plates in the back of their mouths unobservable at a casual glance. These plates are used to crack and grind their prey and can inflict painful cuts and mangle fingers and hands. So be sure to carry along a hook disgorging to remove hooks that might be sunk deep in a fish's throat.

**KEEPING BAIT FRESH**—Surf fishermen can keep bait fresh and ready for use by storing in an insulated ice box. Dried out bait is not good for surf fishing as fish are attracted by the natural oils found in bait when it is fresh.

**FLOUNDER BAIT**—Flounders are not too choosy in bait preference. When flounder fishing you may use fresh squid strips, live minnows, sand worms, or blood-worms. But for a sure-fire bait, try using a strip taken from the side of a sea robin. That will get 'em.

**EXPLORE WATER DEPTH**—Don't be foolhardy when wading out on rocks at night. Use the butt of your rod to feel your way ahead to detect deep water. But be sure to remove the reel beforehand. Never wade barefooted. In hot weather wear sneakers with felt or rubber soles. These will protect your feet from cuts caused by barnacles, oysters, mussels, or other horny shellfish.

**STORING OF SURF BOOTS**—If you want to keep your rubber surf boots good season after season, never store them in a hot place, or let grease remain on them during storage. Hang boots in a cool dark place, using a pair of boot hangers to keep away wrinkles and folds.

**MARK YOUR PLACE ON A BEACH**—Anyone is apt to get lost at night on a strange beach. So, if there is no permanent way of marking the spot where you crossed the dunes to reach water, drag your feet deep in the sand as you walk. This will mark your trail, no matter how high the tide.

## Foyt To Battle Cream Of Crop In Texas Twin 150's

Six time national champion and three time Indy 500 winner, A. J. Foyt of Houston is going to have a busy afternoon this Sunday at Texas World Speedway in College Station.

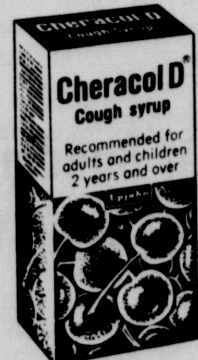

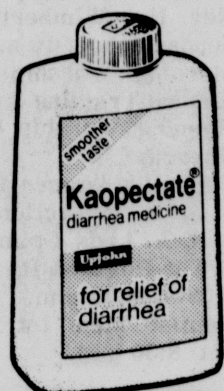

Not only will A. J. have to battle the likes of 1976 Indy winner Johnny Rutherford and the cream of the crop in the Indy car portion of the Texas Twin 150s, but following this event he will take on the best in the United States Auto Club late model stock car division.

A. J. will have to battle it out with the likes of Butch Hartman, Ramo Stott, Terry Ryan, Sal Tovella, Texans H. B. Bailey and Tom Wil-

liams, Bay Darnell and lady drivers Arlene Hiss and Martha Wideman.

Activities for this weekend's Texas Twin 150s begin with a practice session this Friday. Qualifications for the starting berths for both the Indy cars and stock cars will take place on Saturday with race day festivities starting at 11 a.m. this Sunday.

Speedway officials are providing live entertainment featuring the Galactic Cowboy Band on stage in the Speedway infield Saturday night. The World's Youngest Daredevils, the Sipolt Brothers, will highlight the special pre-race program Sunday morning.

## OBITUARY

### Pierce

Mrs. Lizzie Pierce, 80, of Milano died Sunday morning in a Caldwell hospital after a long illness.

Funeral was at 2 p.m. Monday in Phillips and Luckey Funeral Home in Rockdale. Burial was in Sand Grove Cemetery.

Mrs. Pierce was born in Kansas and was a long time resident of Milam County.

Survivors are a daughter, Mrs. Effie Bankston of Milano; one grandchild and two great-grandchildren.

## Church Schedules Revival

Summer revival services have been scheduled with the Rev. Odell Roberts of Killen for the First Assembly of God, 1511 N. Houston in Cameron, from August 1 through August 8, according to the pastor, the Rev. Darryl Proffitt.

The Rev. Roberts is an experienced minister, having served churches in New Mexico and Texas as pastor, and serving as a missionary to the Philippines. He pastors Bethel Temple Assembly of God in Killen, a church he pioneered, and established the First Assembly of God of Harker Heights. He serves the Waco section of the Assemblies of God as a committeeman. He is a graduate of Southwestern College of the Assemblies of God in Waxahachie.

Services will be at 10:50 a.m. and 6 p.m. each Sunday. Services will begin at 7 p.m. Monday through Friday. There will be special singing in each service. Sunday, Aug. 8 will be the annual homecoming for the local congregation, with an expected record Sunday School attendance of 130.

The public is invited to share in all the services.

### Preregistration Set For Bible School

The First Baptist Church at Milano will hold preregistration July 31 at 10 a.m. to begin its vacation bible school which will begin Aug. 2 through 6. Attendees are asked to bring a sack lunch.

The Bible school will be held from 8:30 to 11:30 a.m. each day and commencement will be Friday at 7:30 p.m.

All area children are invited to attend.

## Youth Sets Activities Week

"My Life as a Christian in the Modern World" will be the theme of Youth Activities Week scheduled to begin Sunday evening, Aug. 1 at the First United Methodist Church. The week is sponsored by the Junior and Senior High United Youth Fellowship of Cameron.

The program will begin each evening with a meal at 5:30 p.m. followed by singing, special speakers, and concluding with recreation.

The Rev. George Hearne of Rosebud will speak on the theme "What Is Success?" on Sunday evening. The youth will go to Rockdale for a skating party on Monday evening. Fathers Pete Negrete and Louis Pavlicek will speak on "Choosing a Vocation" on Tuesday evening. Wednesday the youth will go the Gilbert farm for a weiner roast and the speaker will be Gene Smitherman. Charley Kunz will conclude the series as he will speak on "How Can I Attain a Lyrical Faith?" on Thursday evening.

The Sacrament of the Lord's Supper will be observed at the worship services of the Maysfield and First Methodist Churches of Cameron this Sunday. Pastor Stanley Vodicka Jr. will conduct the services that begin at 8:45 a.m. at Maysfield and at 10:55 at Cameron.

## Buckholts Brethren Activities

Members of the Buckholts Brethren Church recently participated in a Sunday School oriented outing at the John Hus Encampment near Caldwell.

After games of volleyball and baseball, a meal consisting of hot dogs and fried chicken was served.

The outing concluded with a vesper serviced conducted by Pastor Milton Maly.

Visitors attending worship services recently included Mrs. Clarence Sisa of Atlanta Ga.; Mr. and Mrs. Bob Aldridge of Pacific, Mo.; Ed Juric of Phoenix, Ariz.; Marvin and Janolyn Rubac of Plainview; Mrs. Francis Davis and Mrs. Henry Rubac, both of Houston.

Mrs. Louise Glaser and Mrs. Marcella Jurca of Buckholts and Mrs. Henry Rubac of Houston were visitors at the Day Worship Service. Pastor Maly conducted the serviced and was concluded with the serving of refreshments.

Members of the church condoled their sympathy to Mr. and Mrs. Melvin Provazek due to the death of their grandson, Chris Provazek, who resided in San Antonio.

### Farm Group Ranks Tax Relief High On Agenda

Delegates at the second annual state convention of the Independent Cattlemen's Association have ranked relief from rising property taxes and defeat of state and federal land use legislation high on the Association's agenda for the coming year.

Calls for action on taxes and land use were among several policy resolutions adopted at the four-day convention of ICA members from over the state.

The tax resolution said that farm and ranch lands have reached their limits in property tax burdens and called on all taxing authorities to seek other sources of revenue. The resolution also called on ICA to seek coverage for "all family farms and ranches" of state constitutional provisions for assessments of rural lands at agricultural productivity value.

The land use resolution said that ICA "rejects all contentions that state government land use planning is an acceptable option" to federal land use threats which ICA has fought since its beginning.

"He who exalts himself does not rise high." Leo-Tse

We're always encountering the heredity versus environment controversy . . . even when we think about *brothers*. Is blood primarily responsible for the bond of comradeship and affection pictured here?

Or did the influence of parents and the atmosphere of their home largely inspire this relationship?

History suggests the answer in man's religious growth: it was when he came to know God as his Father that he began to think of other men as his Brothers.

The beliefs that draw families to church on Sunday inspire the dimensions of brotherhood every day.

# CORRESPONDENTS' CORNER

Cameron, Texas, Herald, July 29, 1976 Page 9

## Burlington

Mrs. Gerald Foshea

Mr. and Mrs. Albert Helpert of Dallas and Sister Barbara of Houston visited in the home of August Helpert recently. They all attended the funeral of their brother-in-law, Charlie Stucky on July 16 in Robstown.

William Foshea of Duncanville; Mrs. Thomas Polk, Darrell, and Donald of Rosbud; Mrs. Betty Ralston and Carla of Temple; Mr. and Mrs. Roy Lee Franklin of Bryan; Mr. and Mrs. George Pool of Waco; and Mr. and Mrs. Fred Cochran of Cameron visited Mr. and Mrs. Gerald Foshea during the weekend.

Mr. and Mrs. Jake Futschik returned home last Wednesday after spending a month with their son, Mr. and Mrs. Joseph Futschik and family of Ansonia, Conn.

Mrs. William Butler, Lloyd Butler and Tammy of Pasadena; Mr. and Mrs. L. B. McCray; and Mr. and Mrs. Wayne McCray and Christine of Baytown visited Mr. and Mrs. T. L. McCray Sr. during the weekend and all attended the Blankenship family reunion at Guber Party House of Temple on Sunday.

## News From Maysfield

Mrs. J. P. Wise

Rev. and Mrs. Frank Newton and granddaughter of Houston and Carl Cooper of Bastrop spent Friday night with their mother, Mrs. W. C. Cooper.

Mrs. Dock Thweatt and Mrs. Leota Thweatt visited their brother, Milton Floyd, in the VA Hospital in Temple last week. His brother, Elmer Floyd and wife of Freeport, have been in Temple to be with him for several days.

E. B. Yager is still a patient in Seaton's hospital in Austin. His son, Dr. Ben Yager of Ohio is here and another son, Tomas Yager from Atlanta, Ga., visited him last week. Dr. Ben Yager and his mother and Mr. and Mrs. H. M. Yager visited him Sunday.

Sunday guests of Mr. and Mrs. Fred Heftl were his sons, Roy Heftl and Jeff Heftl and wife of Bryan.

Mr. and Mrs. A. D. Brown of Austin visited Mrs. Roy Newton, the Dock Thweatts, and the Fred Heftl's Sunday afternoon.

Mr. and Mrs. Elmer Floyd of Freeport visited his sisters, Mrs. Dock and Herbert Thweatt Sunday.

Mr. and Mrs. Jake Futschik and Mrs. Annie Olbrich spent last Sunday with James Futschik of Austin.

Mr. and Mrs. W. G. Marek spent the weekend visiting Mr. and Mrs. Billy W. Marek, and Steve and Charles Marek of Plano.

Mr. and Mrs. Henry Hagerty of Sugar Land, Mrs. Lavina Ward and Aline Shivers of Marlin visited Mrs. Kathleen Hammond and Harry Hagerty during the weekend.

Mr. and Mrs. Waylon Dornier and Angela of Temple; Mr. and Mrs. Terry Dornier; Mr. and Mrs. Ronnie Dornier and Dianne; and Mr. and Mrs. Eugene Hoff and family visited Mr. and Mrs. Herman Dornier Jr. and Yvonne on Saturday night.

Jake Prescott returned home Sunday evening after spending nearly a week at Scott and White Hospital in Temple.

Mr. and Mrs. Willie Adams of Rosebud visited Mr. and Mrs. Henry Davenport on Thursday night.

Mr. and Mrs. Charles Hensley attended the wedding of his nephew, David Hensley in Garland Saturday. David is the son of Mr. and Mrs. Clyde Hensley Jr. of Garland.

## Servicemen

CLARK MURRAY

U. S. Air Force Captain Clark A. Murray, son of Mr. and Mrs. H. T. Murray, of Rosebud, has arrived for duty at Carswell AFB, Tex. Captain Murray, a KC-135 pilot with a unit of the Strategic Air Command, previously served at Laughlin AFB, Tex.

A 1961 graduate of Brownwood High School, the captain received a B.S. degree in 1965 from East Texas State University, where he was commissioned through the Air Force Reserve Officers Training Corps program.

JUAN MORALES

Marine Corporal Juan Morales, son of Mrs. Maria Navarro of Caldwell, has reported for duty at the Marine Corps Air Station, Yuma, Ariz.

A former student of Caldwell High School, he joined the Marine Corps in May 1974.

## Buckholts

Mrs. Edwin Gandy

The farmers are really busy this week harvesting their milo since the weather is hot and dry.

Horsten Hess of San Antonio was here last week to attend the funeral of his aunt, Mrs. Frank Posival of Cameron. He was joined later in the week by his wife and they spent the weekend with his sister, Mr. and Mrs. James P. Johnson. Others spending the week with the Johnsons were Billy and Denna Tally from Alabama.

Sherry Williams spent the weekend in San Antonio visiting friends.

Bro. Ronnie Watson and four of the junior boys and girls left Monday morning for camp at Highland Lake.

R. B. Eickenhorst is a patient in the King's Daughters Hospital in Temple.

Mr. and Mrs. Cecil Criswell are visiting with Mr. and Mrs. Raymond Saaga of Rosenberg this week.

Jody and Wesley Hill spent the weekend in Rogers with their grandparents, Mr. and Mrs. Oliver Hill.

Visiting with Mr. and Mrs. L. A. Svetlik Sr. over the weekend were their daughter and family, Mr. and Mrs. U. D. Adams and family.

Mr. and Mrs. Curtis Morgan visited in Houston with his sister and family over the weekend.

Visiting with Mrs. Myrtle Hill this week is some of her grandchildren from Brownwood.

## San Gabriel

Mrs. W. McDaniel

Christopher Denon made his parents very happy when he made his arrival Tuesday July 20 at 3:58 p.m., weighing 10 lbs 3 1/2 oz. His parents are Mr. and Mrs. Gary Northcott. Grandparents are Mr. and Mrs. Gene Northcott and Mr. and Mrs. Tommie Thiel of Taylor.

Recent visitors of her brother and wife, Mr. and Mrs. Dan Beason, were Mr. and Mrs. Lonnie Alkerson of Beckville.

Bobbie Case of Alvin has been visiting for several days with her mother, Mrs. Ora Case.

Home for the weekend with their parents, Mr. and Mrs. Ike Camp, were Mr. and Mrs. Jackson and children of Longview. Mr. and Mrs. Dennis Simerk and sons of Austin and Miss Mary Camp of Austin.

Bro. and Mrs. Melvin Zarnes and Becky spent Friday night with Mr. and Mrs. Hugh McMillan.

Visiting their grandmother, Mrs. Bill Clark, over the weekend were Mr. and Mrs. Ralph King of Houston.

Visiting Mr. and Mrs. W. McDaniel over the weekend were Bro. and Mrs. Melvin Zarnes and Becky Saturday morning and Mr. and Mrs. Dan Beason Saturday night.

Visiting his parents, Bro. and Mrs. John Roark and Cindy, was Johnny Roark and Anita Mass of Bryan and also Joan Pope of Lexington.

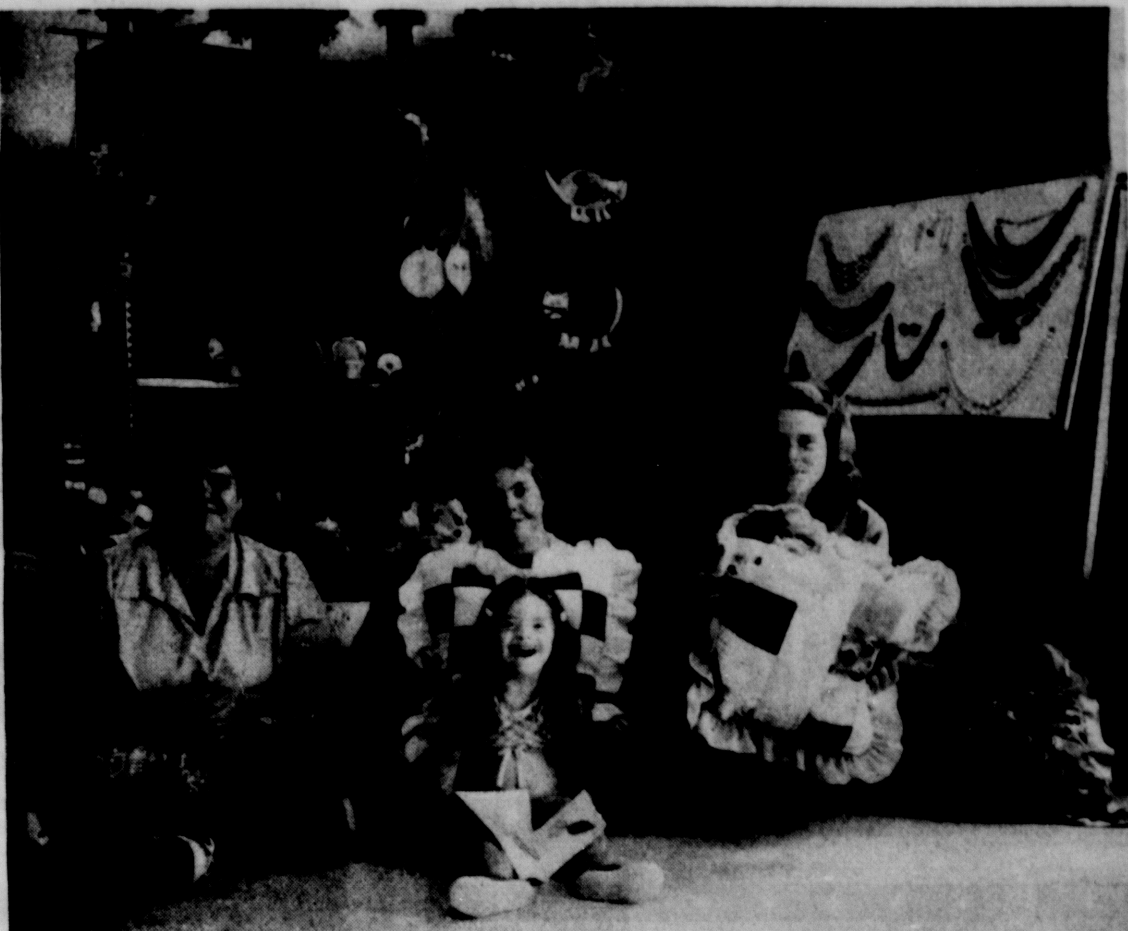

## Sharp-Tracy-Friendship

By Mrs. Leroy Guillote

We are glad to hear that Mr. J. D. Pope is out of intensive care at Breckenridge Hospital and is reported improving.

Mr. and Mrs. E. L. Modette accompanied by Mr. and Mrs. Lonzo Johnson drove to Dime Box Sunday. A domino game Sunday night was enjoyed in the Modettes home by the Modettes, Johnsons, Mrs. Mabel Charles and Bill Schwartz.

Miss Clara Voyles of Waco spent the weekend with her folks, Mr. and Mrs. Finis Voyles.

ARTS AND CRAFTS PROJECT- The Milam Association for Retarded Citizens Opportunity Center on Grace Street in Rockdale will sponsor an arts and crafts sale in conjunction with a bake sale-rummage sale at the center on Aug. 5-6. Center director Wynell McWilliams said MARC students had made some of the materials to be sold and that other

goods have been donated. Sale hours will be 8 a.m. until 5 p.m. each day. Proceeds will go to MARC for arts, crafts, and refreshments. Displaying some of the sale merchandise are Leslie Rogers of Cameron (foreground), and left to right, Patsy Gilbreath of Thorndale, Marlene Carter of Rockdale and Barbara Williams of Milano.

## Water Utilities Group Sets August Meeting

The August meeting of the Central Texas Water Utilities Association will be held on Thursday, August 5 at 7:30 p.m. at the Bonanza Sirloln Pit on Business Highway 190 at 10 St. in Killeen.

The Association, whose membership includes employees of public and private water and wastewater utilities, meets monthly to assist its members in meeting State certification requirements.

Roy Dunlap, president of Roy Dunlap and Associates, will speak on solutions to typical problems encountered in Central Texas sewerage systems.

The Association's "Employee of the Month," selected by vote of the membership, will be presented a certificate recognizing his contribution to the Association's work.

THE WORLD'S HIGHEST CAPACITY LONG DISTANCE SUB-MARINE CABLE IS MANUFACTURED BY THE STANDARD TELEPHONE CABLE DIVISION OF INTERNATIONAL TELEPHONE AND TELEGRAPH AND CONNECTS BRITAIN AND CANADA WITH 1,840 TWO-WAY TELEPHONE CIRCUITS!

## Wells Writes Book About Oil

William B. Wells, father of the Cameron businessman Robert Wells, is the author of "Wild Bill the Driller" published by the Naylor Company of San Antonio. Mr. Wells has spent a lifetime in the oil industry. Beginning as a roughneck in 1910, he ended his career with his own company 65 years later.

"Wild Bill" isn't just a dry history, according to the publisher. It is a warm, vibrant story of one man's interesting experiences in an unusual industry. He's recorded a fascinating account of the men who labor in all kinds of weather, risking life and limb, so the rest of us may live in comfort. It will be available this fall.

## Johnson To Attend Vo-Ag Workshop

O. T. Johnson, vo-ag teacher at Buckholts, will be among some 1,500 who will gather in Fort Worth August 2-6 for the annual inservice education workshop and meeting.

The affair will be sponsored by the Vocational

Education Department of the Texas Education Agency, Austin.

Registration for the conference begins at 3 p.m. on Monday, August 2 at the Sheraton-Fort Worth Hotel.

Cedar siding in Select Knotty grade provides rustic good looks, and costs less than Clear grade.

## TEMPLE JUNIOR COLLEGE

AT CAMERON

Registration at the Ben Milam Cafeteria, next to Yoe High School, for fall semester credit and credit free classes will be on Tuesday, August 17, 1976, at 7 p.m. Temple Junior College, in cooperation with the Cameron Public Schools, will offer Business, Czech, Economics, English, Government, History, Psychology, Sociology, Speech and any credit courses for which at least fifteen students enroll.

Temple Junior College will also offer at Yoe High School the following credit free course:

SQUARE DANCING (Modern Western Style) Time: 7:00-9:30 p.m. Tuesday, August 17, 30 hours, 12 nights; Cost: \$28 or less, 14 minimum enrollment; Teacher: Paul Greer, International Square Dance Caller

AT TAYLOR

Registration at Taylor High School for fall semester credit and credit free classes will be on Monday, August 16, 1976 at 7 p.m. Temple Junior College, in cooperation with the Taylor Public Schools, will offer Czech, Economics, English, Government, History, Psychology, Sociology, Speech and any credit courses for which at least fifteen students enroll.

Temple Junior College will also offer at Taylor High School the following credit free course:

INTRODUCTION TO WRITING FOR PROFIT Time: 7:00-9:30 p.m. August 16, Monday, 20 hours; Cost: \$15; Teacher: Robert Rafferty

Students who want to take a course for credit and who were not enrolled through Temple Junior College in the Spring or Summer of 1976 must file an application and immunization certificate and submit official transcripts from all colleges and/or high schools previously attended. The applications and immunization certificates may be secured from the Admissions and Records Office at Temple Junior College and should be submitted prior to registration.

## SOUTHERN HOSPITALITY BRUNCH

Southern cuisine has a tradition and charm all its own, with specialties as varied as the South itself. The strong tradition and emphatic flavor of Southern cooking offers many interesting ideas for the hostess, whether she lives in the Deep South or the Pacific Northwest.

Corn meal is one of the rich and savory products of Southern heritage. For breakfast or brunch, it is turned into battercakes or waffles, muffins or grits. True to tradition, corn meal is served with pork-sausage being a morning favorite.

As for Southern beverages, the mint julep is the most famous. Although traditionally made with bourbon in the South, historians say the julep originated in Persia where it was a minted, nonalcoholic fruit drink. Inspired by this notorious drink is a Concord Grape—a simple combo of concord-grape juice, gingerale and lime juice. For a festive touch, the rims of the glasses are frosted with sugar. Fresh mint garnishes this sweet and tangy brunch drink. For the adventurous crowd, gin may be added to the julep.

As the mornings grow cooler, you may find that your brunch guests prefer a hot drink, such as a toddy. This new version of the long-cherished Early American beverage is made with tasty concord-grape juice, flavored with honey and lemon juice, and spiced with cinnamon, cloves and ginger.

With convenient concord-grape juice, a variety of flavorful and nutritious beverages can be made in minutes.

Offer a choice of both drinks to your brunch crowd. And, in true southern fashion, be sure to have plenty of battercakes and sausages.

## CONCORDGRAPE TODDY

1 can (6 ounces) frozen concentrated concordgrape juice, thawed and undiluted  
3 cans water  
2 tablespoons honey  
2 tablespoons lemon juice  
1/4 teaspoon ground ginger  
1 cinnamon stick  
2 whole cloves

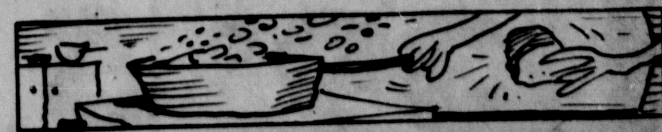

In a saucepan, combine all ingredients. Heat over low heat until liquids are hot; mixture does not have to boil. Let stand 5 minutes; remove cinnamon sticks and cloves. Serve hot.  
If desired, add a jigger of bourbon and a twist of lemon peel for extra zest. Makes 4 to 6 servings.

## CONCORDGRAPE MINT JULEP

1 can (6 ounces) frozen concentrated concordgrape juice, thawed and undiluted  
2 cups cold gingerale  
1 cup water  
1/2 cup lime juice  
Ice cubes  
4 mint sprigs

Combine grape juice, gingerale, water and lime juice. Pour over ice cubes into 4 tall frosted glasses. If desired, a jigger of gin may be added to each glass for added zest. Garnish with a sprig of mint. Makes 4 servings.

To frost glasses: Dip glasses into grape juice, covering rims 1/2-inch deep in to glass. Dip in sugar. Refrigerate until sugar is dry; glasses will be well chilled.

When cooking cabbage, broccoli and brussels sprouts, a heel of bread in the pot will help prevent odor.
